The Global Body For Professional Accountants

VACANCY PROGRAMME OFFICER

JICA is a technical cooperation arm of the Japanese Government responsible for providing technical assistance in developing countries. In Malawi JICA has, among others, projects in sectors like Agriculture & Irrigation, Transport, Infrastructure, Water, Energy & Natural Resources, Education and Volunteer program. Currently there are two positions for a Program Officer as indicated below however, successful candidates must be prepared to be periodically rotated to any other section to deepen experiences in program management.

Japan International Cooperation Agency (JICA) is inviting applications from interested persons to fill two vacant posts of Program Officers

- The successful candidates will be expected:**
1. To provide general administrative and logistical support to JICA office management systems, Project management, Missions and Personnel.
 2. To collect and analyze relevant information that can help in promoting JICA activities in Malawi.
 3. To provide support to section heads on any administrative issues that require his/her involvement.
 4. To implement PDCA cycle in particular section and the whole office.
 5. Attend and report on country sector meetings with other development partners in the country.
 6. Represent JICA as a contact person in particular sectors in Malawi
 7. Any other duties as may be reasonably assigned by the Resident Representative from time to time.

Qualifications and experience.
Applicants for the post must have the following qualifications and qualities:

1. A relevant Degree or equivalent preferably in Social Sciences, Development Studies, Business Administration, Human Resource, and Management Studies at University level.
2. At least Five (5) Years progressive working experience after university qualification with 3

years in one organization, and conversant with Malawi's development and administrative issues.

3. Good working experience and abilities in accounting and procurement.
4. Not older than 35 years of age.
5. Good knowledge of computers and packages like word, excel, and power point.
6. Must be fluent in English (both written and spoken) and at least one local language.
7. Must have some knowledge of donor approaches to development issues of developing countries.
8. Ability to work in a team and in a multicultural environment is required.
9. Broad knowledge of current cultural, social, economic and political issues, and a good understanding of the context of development work in Malawi is essential.
10. Must have "can-do attitude in any type of task

REQUIREMENTS

- Applications to be received under the following conditions
1. A Letter or Write-up of not more than 500 words explaining precisely why you are interested in a working for JICA
 2. Detailed CV with passport size photo and at least two traceable referees
 3. Date of birth and address clearly indicated
 4. Closing date of receiving applications is on **4th Sept. 2017 end of day**

The successful candidates will be offered YEARLY contracts that will be renewed annually upon mutual agreement by the parties.

Remuneration will be in the range of K350,000.00 to K500,000.00 per month tax free including all benefits commensurate with qualifications and experience.

Domains on .MW

WORKSHOP ON .MW REGISTRARS - INVITATION

SDNP, the .mw domains registry operator, will run a training workshop on .mw domain registrars on 7 September 2017 at the Bingu International Convention Centre, BICC, Lilongwe.

More details on the workshop are available at SDNP registrar website at

<http://www.sdnpr.registrar.mw/registrars.php>

The aim of the workshop is to develop, train and support a sustainable crop of internet domain registrars in Malawi that do sustainable business on the viable Malawi .mw country code top level domain, the .mw ccTLD, using a top of the range domain registry platform.

A detailed agenda has been developed for the workshop and a brief version is shown here below with more details available on the above website.

The workshop is open to anyone interested but is particularly targeting registrars and potential registrars. Those interested should register by 4 September 2017. Registration form and fellowship offers are available on the above website. There is limited space for 25 participants.

We, therefore, cordially invite you to the workshop to learn, share knowledge and network with registrars in Malawi, as well as those from abroad, on how to develop and sustain the domain name industry in Malawi.
